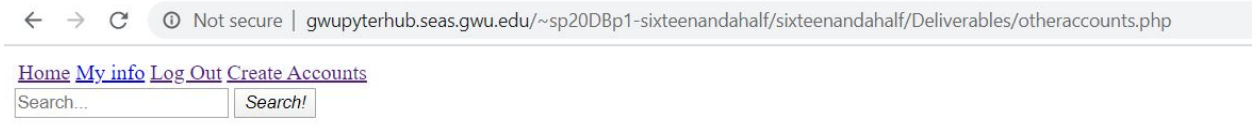
Sam:
Navbar dynamic page:
--not meant to be viewed, manually navigate to this page just to show it exists. This page is responsible for navigation, and for all future use manual navigation to it will be disabled.
Ignore the “logged in test failure” -- that message is meant to echo whether or not nav bar pages were displayable. Since the nav bar is not meant to be navigated to, no pages were displayable.

Other accounts page:
--No pages are styled since all displayable elements are dynamically generated, and no data has been entered yet.



Home:
--not viewable just changes session variables
